PRECAUTIONARY STATEMENTS

CAUTION: Causes serious eye damage and skin irritation. Do not get in eyes, on skin or on clothing. Avoid breathing mist, vapors or spray. May cause an allergic skin reaction. Thoroughly wash face, hands and any exposed skin after handling. Do not eat, drink or smoke when using this product. Wear eye protection and protective clothing (long-sleeved shirt, long pants, socks, shoes and gloves) when handling, mixing and applying this product. Take off contaminated clothing and wash clothing before reuse. Harmful to aquatic life with long-lasting effects. Do not contaminate water with concentrate, spray mixture or rinsate.

First Aid

If in Eyes: Immediately rinse eyes with plenty of water, also under the eyelids, for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Keep eye wide open while rinsing. Do not rub affected area. Get immediate medical attention/advice. **If on Skin:** Immediately wash off skin with soap and plenty of water for at least 15 minutes. May cause an allergic skin reaction. See a physician in the case of skin irritation or allergic reaction. **If Swallowed:** Clean mouth with water and drink plenty of water afterwards. Never give anything by mouth to an unconscious person. Do not induce vomiting. Call a physician. **If inhaled:** Remove to fresh air. Get immediate medical attention if symptoms occur. For medical emergencies involving this product call toll-free 1-800-222-1222.

DIRECTIONS FOR USE

Read entire label before using. Use only according to label Precautionary Statements and Directions. Before buying or using this product read "Conditions of Sale and Warranty" found elsewhere on this label.

Shake Well Before Using

To Kill and Control Adult Mosquitos and Ticks

Effectively kills Mosquitos and Ticks in 24 hours or less (equal to or better than a pyrethroid insecticide)

For Outdoor Fogging and Misting Spray Applications: Change the sprayer head to a fogging/misting head. Shake the product well. Mix 6 ounces of this product with 1 gallon of water, shake well to thoroughly mix, and continuously agitate spray mixture during application. Mix 12-16 ounces of this product with 1 gallon of water for heavy pest pressure. Do not use any other dilution rates. One gallon of mixture covers 3000-7500 square feet, depending upon vegetative density in the treatment area. Reapply every 3 weeks (21 days), or as reinfestations warrant. For best results, spray under shrubs, wood piles, leafy areas and anywhere that is shaded and moist. Spray into trees, including up and under the leaves, where adult mosquitoes and ticks hide during the day. Treat harborage areas such as shrubbery and vegetation where mosquitoes/ticks may rest. Shrubbery and vegetation around stagnant pools, marshy areas, pools and shorelines may be treated. Do not spray directly on ponds of all kinds, lakes, rivers or other bodies of water. May also be sprayed on, and will not discolor, swing sets, patios, eaves, windows, doorways, porches, porch lights and around utility boxes. May also be applied using hand-held, hose-end or backpack-type sprayers by following dilution directions above and sprayer manufacturer directions.

Do not allow anyone to enter treated areas until spray has dried. Do not spray on food-bearing plants/trees or on food contact surfaces. Avoid unnecessary release into the environment.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Keep container closed when not in use. Store locked up in a cool, dry place away from direct sunlight, extremely high or low temperatures and incompatible materials (strong acids, bases and oxidizers). **Disposal:** Non-refillable container; do not reuse or refill this container. Place in trash or offer for recycling, if available. Dispose of contents/container in accordance with local regulations.

This product has not been registered by the United States Environmental Protection Agency. Arkion Life Sciences, LLC represents that this product qualifies for exemption from registration under FIFRA Section 25(b).
